

GAMESHOW

Design a Gameshow all about this past year.

You will need to film the final Gameshow.

This could be a solo activity or a group activity (if you choose solo, you will need some volunteers for your final show)

You will need:

- A Gameshow host
- An idea of how many contestants you will have
- Questions, problems or puzzles linked to this past year/the global pandemic (you may need to do a little research for this)
- An outline of the rounds (sections) of your gameshow and how people are eliminated/how they win
- An exciting name for your show
- Some interesting props to keep the audience entertained (buzzers? Cards? Flashy bits and bobs etc)

You could look on YouTube to start you off to see what a gameshow might look like.

You could choose to design a whole new gameshow **or** you could choose to do a global pandemic version of a gameshow that already exists.
